

What Do You Want To Do When You Get a Job

Due on January 10, 2020

For this project you will answer the question, "What do you want to do when you get a job?" You will write a paper which will include the occupation you are interested in, what degree you will need, and an estimated budget. This will require doing some research on degrees offered by your choice of college, average salaries for your chosen occupation. This will count as one test grade.

Paper

You will need to use your average starting salary to find a place to live, pay taxes, find a vehicle(don't forget insurance), food, gas, health insurance, entertainment, bills(electric, water, sewer, trash, cell phone, cable, internet), and savings.

Rubric

Turned in on time	_____ (5 points)
What do you want to do when you get a job?	_____ (5 points)
What degree will you need?	_____ (5 points)
Budget	_____ (40 points)
Creativity	_____ (15 points)
